

NEVADA DEPARTMENT OF CORRECTIONS

PRISON RAPE ELIMINATION ACT (PREA) ANNUAL REPORT

CALENDAR YEAR 2019

It is the mission of the Nevada Department of Corrections to protect society by maintaining offenders in safe and humane conditions while preparing them for successful re-entry back into society. We operate as a Team, proud of our reputation as leaders in corrections. Our staff will utilize innovative programming that will focus on education, mental health, substance abuse treatment and vocational training as the cornerstones to an offender's rehabilitation.

Prepared by: Deborah Striplin, Agency PREA Coordinator

Approved by: _____

Charles Daniels, Director

Date: _____

9-23-2020

Purpose

The Prison Rape Elimination Act (PREA) requires that an agency to collect and review data in order to assess and improve the effectiveness of its sexual abuse prevention, detections, and response policies, practices and training. The data collected should include identifying problem areas and identifying the on-going corrective action taken by the agency and each of its facilities and institutions.

In conjunction with PREA standard §115.88:

Substandard (a) (3), the agency shall also “...prepare an annual report of its findings and corrective actions for each facility, as well as the agency as a whole.

(a)(3)(b) “Such report shall include a comparison of the current year’s data and corrective actions with those from prior years and shall provide an assessment of the [Department’s] progress in addressing sexual abuse.

(a)(3)(c) “The Department’s report shall be approved by the agency head and made readily available to the public through its website...”

This report is intended to provide information and comparison for calendar years 2014, 2015, 2016, 2017, 2018 and 2019.

Introduction

The State of Nevada is committed to preventing, detecting and responding to sexual abuse and sexual harassment in confinement. The Nevada Department of Corrections (NDOC or agency) has a zero-tolerance policy for sexual abuse and sexual harassment in all its confinement facilities. The report is an overview of agency and facility aggregated data, and corrective action as it pertains to the Prison Rape Elimination Act.

Background

The Prison Rape Elimination Act (PREA) was signed into federal law in September 2003. The purpose of the Act was to “provide for the analysis of the incidence and effects of prison rape in Federal, State and local institutions and to provide information, resources and recommendations to protect individuals from prison rape. PREA also mandated the publication of standards to ensure compliance and improve detection and response strategies in addressing sexual abuse and assault.

The final rule for PREA was published in the Federal Register on June 20, 2012 and became effective August 20, 2012. Facilities had one year to become compliant with PREA standards.

The PREA standards require annual audits of one-third of the facilities under an agency’s jurisdiction along with the Governor’s certification of statewide compliance in all facilities under the operational control of the state’s executive branch, including private facilities operated on behalf of the executive branch to house inmates. A failure to comply with standards will result in a loss of 5 percent (5%) of identified Federal grant funding.

Governor Certification

Each Governor is required to annually certify statewide PREA compliance for all applicable “...facilities in the State under the operational control of the State’s executive branch, including Facilities operated by private entities on behalf of the State’s executive branch.”(Standard 115.501).

Three options are provided to Governors:

- Certification that the state and all applicable facilities are in full compliance with the National Standards to Prevent, Detect, and Respond to Prison Rape, 28 C.F.R. Part 115;
- Assurance that the state/jurisdiction will use not less than 5 percent (5%) of grant funds as identified by the Department of Justice to enable the state/jurisdiction to adopt and achieve full compliance with the National Standards to Prevent, Detect, and Respond to Prison Rape, 28 C.F.R. Part 115; or
- Decisions on the part of the Governor not to certify compliance or provide an assurance that the state/jurisdiction is moving toward compliance.

Definitions

Case Dispositions

Substantiated: An allegation that was investigated and determined to have occurred.

Unsubstantiated/Not Sustained: An allegation that was investigated and produced insufficient evidence to make a final determination as to whether the event occurred.

Unfounded: An allegation that was investigated and determined to not have occurred.

Sexual Abuse

Inmate-Inmate Sexual Abuse:

Sexual abuse of inmate by another inmate includes any of the following acts, if the victim does not consent, is coerced into such act by overt or implied threats of violence, or is unable to consent or refuse:

1. Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;
2. Contact between the mouth and the penis, vulva, or anus;
3. Penetration of the anal or genital opening of another person, however slight, by a hand, finger, object, or other instrument; and
4. Any other intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of another person, excluding contact incidental to a physical altercation.

Staff, Contractor or Volunteer on Inmate Sexual Abuse:

Sexual abuse of an inmate, detainee, or resident by a staff member, contractor, or volunteer includes any of the following acts, with or without consent of the inmate.

1. Contact between the penis and the vulva or the penis and the anus, including penetration, however slight; Contact between the mouth and the penis, vulva, or anus;
2. Contact between the mouth and any body part where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
3. Penetration of the anal or genital opening, however slight, by a hand, finger, object, or other instrument, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
4. Any other intentional contact, either directly or through the clothing, of or with the genitalia, anus, groin, breast, inner thigh, or the buttocks, that is unrelated to official duties;

5. Where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
6. Any attempt, threat, or request by a staff member, contractor, or volunteer to engage in the activities described in paragraphs A-E of this section;
7. Any display by a staff member, contractor, or volunteer of his or her uncovered genitalia, buttocks, or breast in the presence of an inmate; and
8. Voyeurism by a staff member, contractor, or volunteer.

Voyeurism: Voyeurism by a staff member, contractor, or volunteer means an invasion of privacy of an inmate, detainee, or resident by staff for reasons **unrelated to official duties**, such as peering at an inmate who is using a toilet in his or her cell to perform bodily functions; requiring an inmate to expose his or her buttocks, genitals, or breasts; or taking images of all or part of an inmate's naked body or of an inmate performing bodily functions.

Progress in Addressing Sexual Abuse

The Nevada Department of Corrections (NDOC) has supported PREA and has been working towards compliance since 2012. To date, all NDOC facilities have completed PREA audits with all state facilities successfully passing a PREA National audits. As the agency moves forward and continues to evolve, we began cycle 2 of PREA audits in August 2017. The following facilities received their 2nd national audit during round 2 audit time frame beginning August 20, 2018 – August 19, 2019:

- Ely State Prison
- Ely Conservation Camp
- Wells Conservation Camp
- Pioche Conservation Camp
- Tonopah Conservation Camp
- High Desert State Prison

2019 Agency Achievements

NDOC has accomplished the following regarding PREA prevention, detection, and response strategies:

- Regularly trained new employees, pre-service staff, volunteers and health care service staff.
- Agency PREA coordinator conducted internal audit and inspections for facilities who were scheduled for national PREA audits.
- Continued partnership with the Western State Audit Consortium.
- Agency PREA Coordinator attended the Western State Consortium annual PREA Coordinator meeting.
- Agency PREA Coordinator attended National PREA Coordinator Conference.
- Successful completion of cycle 3 PREA audits with 1/3 of agency facilities passing a National PREA audit.
- Agency PREA certified auditor conducted three out-of-state prisons as part of a reciprocal auditing program with the western states.
- Office of the Inspector General implemented new procedures for investigators assigned to conduct sexual abuse and sexual harassment investigations.
- Agency PREA Coordinator implemented standardized tracking spreadsheet related to standard 115.81 medical and mental health screenings.

- Agency PREA Coordinator provided on going information and updates to facility PREA Compliance Managers.
- Facilities updated PREA information to inmate orientation flyer in English and Spanish.

****This report does not include open investigations or reports made after this date****
 Definitions are provided on page 4 and 5

Carlin Conservation Camp

The Carlin Conservation Camp houses 150 minimum-custody inmates for the state of Nevada. Inmates at the Carlin Conservation Camp work for the Nevada Division of Forestry completing conservation projects, roadside cleanup, local area assistance and firefighting during the fire season. During the off-fire season, these crews assist with community cleanup and snow removal services. Carlin Conservation Camp offers High School Equivalency and Firefighting Basic Training.

Casa Grande Transitional Housing Center

The Casa Grande Transitional Housing (Casa Grande) center has been operating since December 2005. The dormitory-style facility was built to house non-violent, non-sex crime inmates who are within 18 months of their parole eligibility date. The main purpose of Casa Grande was, and still is, to allow these “residents” the opportunity to seek work and secure permanent housing prior to reintegrating into society. Since its inception, Casa Grande has expanded its programs to include parolees, probation violators, and ex-offenders. Casa Grande has many programs and community partnerships.

Ely Conservation Camp

Ely Conservation Camp was constructed in 1984. The camp is located approximately seventeen miles south of Ely on Horse and Cattle Camp Road. The camp houses minimum-security inmates and has an inmate capacity of 150. Ely Conservation Camp has two full time teachers who help the inmate population earn a High School Diploma or GED. Nevada Department of Forestry helps to train the inmates in a variety of skills, including, firefighting, mechanics, fence rebuilding, concrete work, and building remodeling.

- Facility procedure modified to ensure follow up meetings are completed related to standard 115.83; and
- Successfully passed a national PREA audit.

Florence McClure Women’s Correctional Center

The Florence McClure Women’s Correctional Center opened in September 1997. On October 1, 2004, the Nevada Department of Corrections assumed control of the institution. Florence McClure Women’s Correctional Center offers a wide range of programs for all of the inmate population, which include but are not limited to: Anger & Aggression, Clark County Parenting, Commitment to Change I, II & III, employment Skills, Healthy Steps to Freedom, Seeking Safety I, II & III, Sex Offenders Treatment program, Straight Ahead, Survivors Overcoming Abuse and Rape, Thinking for a Change, Turning Point and Victim Impact. The Toastmasters Program and Alcoholics Anonymous are also available.

High Desert State Prison

The High Desert State Prison is the largest major institution in the Department of Corrections. It is the first institution in what will become a large Southern Nevada prison complex. High Desert State Prison was designed to incorporate much of the best technology available in corrections to provide for officer safety and the management and control of inmates. The complex totals approximately 1,576,000 square feet of space. The institution opened September 1, 2000 and became the reception center for Southern Nevada.

Corrective Actions and/or Progress in Addressing Sexual Abuse

- Completed internal PREA audit in preparation for national PREA audit;
- Facility corrected physical plant blind spots identified during national audit;
- Facility implemented new procedures to ensure follow-up risk assessment are completed within time frame per standard 115.41;
- Facility updated PREA Coordinated Response Policy;
- Facility implementation retaliation tracking form;

- Facility implemented referral process between case management staff and mental health practitioners related to standard 115.81; and
- Successfully passed a national PREA audit.

Humboldt Conservation Camp

Located in Humboldt County, Humboldt Conservation Camp officially opened in 1986 and consists of 22 trailers brought down from the Alaskan pipeline project. Humboldt Conservation Camp is a Nevada Division of Forestry fire camp and can have as many as six 12-man crews fighting fires at any given time. During the off time of firefighting, the crews spend their days doing project work, such as highway cleanup for Department of Transportation or working in the local community.

Jean Conservation Camp

Located in Jean, Nevada, the Jean Conservation Camp was constructed in 1988 and houses 240 minimum-custody female offenders for the State of Nevada. Currently, Jean Conservation Camp is the only camp within Nevada that houses female offenders. Offenders at the Jean Conservation Camp work for the Nevada Division of Forestry by fighting fires during the fire season, completing conservation projects, performing highway cleanup for the Department of Transportation and assisting with the local community.

Lovelock Correctional Center

Located in Pershing County, Lovelock Correctional Center, the Department’s seventh major institution, was constructed and opened in two phases. The first phase opened in August 1995, with two 168-cell housing units. Each 80-square-foot cell has the capacity to house two inmates. Construction on phase two began shortly after, and two additional 168-cell units and two 84-cell units were added to the institution, bringing the budgeted capacity to 1,680 offenders. Lovelock houses medium-custody general population inmates and close-custody protective segregation inmates, along with a separate unit housing a small number of minimum-custody inmates. The total capacity for Lovelock Correctional Center is approximately 1,680 inmates.

Northern Nevada Correctional Center

Northern Nevada Correctional Center (NNCC) opened in 1964, with three housing units. From that date until 2008, seven additional housing units were added. NNCC is a medium-custody facility. NNCC also is the Intake Center for the Northern region. The Regional Medical Facility for Nevada is located here. This includes an in-patient medical and mental health unit. In addition, there is the Medical Intermediate Care and Structured Care Unit for those inmates whose medical and mental health situations are stable, but require additional staff monitoring.

Pioche Conservation Camp

Established in 1980, the Pioche Conservation Camp (PCC) was the first Conservation Camp established by the Nevada Department of Corrections in Rural Nevada. It provides Initial Attack Wildland Firefighting Crews operated by the Nevada Division of Forestry for Lincoln County and the State of Nevada. PCC houses 196 male inmates in dormitory-style living arrangements, with the capability to house up to 238 male inmates during times of need in the Department.

Southern Desert Correctional Center

Southern Desert Correctional Center (SDCC) houses mostly medium-custody general population inmates, along with two separate specialized programming units. The total capacity for SDCC is approximately 2,149 inmates. SDCC offers a wide range of programs for the inmate population and an opportunity to pursue a high school diploma, GED, or a college degree. SDCC offers the most programs of any of the NDOC facilities located in the State of Nevada.

- Implemented new procedure and tracking related to standard 115.81 medical and mental health screenings.

Stewart Conservation Camp

The Stewart Conservation Camp (SCC) is located adjacent to the Northern Nevada Correctional Center. It originally opened in 1978. In 1995, a new SCC was constructed to replace and double the size of the original camp. SCC houses minimum-custody and community-trustee inmates in five dormitory-type units. Most of the inmates at SCC work for the Nevada Division of Forestry and are assigned to 12-man fire crews. Inmates also work for Silver State Industries, which runs the ranch, dairy, and the Wild Horse Training Program. Some of the inmates are classified as community trustees who provide support services for several state agencies in Carson City, Nevada.

Warm Springs Correctional Center

The Warm Springs Correctional Center (WSCC) was authorized by, and constructed through, appropriations from the 1961 Legislative Session and was known as the Nevada Women’s Correctional Center until September 1997. It was converted to a medium-security men’s prison in 1998, then to a minimum-custody facility in July 2003. The institution has been remodeled and expanded four times over the past 47 years. A second housing unit was added in 1979, and a third in 1987. The core services building, which houses food services, health care services, education facilities and the gymnasium, was added in 1981. The 1995 and 1997 Legislatures authorized a fourth housing unit, two towers, a new security fence, additional classrooms, and completely remodeled the kitchen, dining room, and entrance building. The completion of this project in July 1998 (funded in part with Federal monies) brought the budgeted capacity of WSCC from 260 to 510 inmates. In July 2008, WSCC was converted back to a men’s medium-custody institution.

Wells Conservation Camp

Wells Conservation Camp (WCC) is located at Exit 365 on Interstate 80 in Independence Valley. WCC houses minimum-custody offenders and operates under a cooperative partnership with the Nevada Division of Forestry. The Nevada Division of Forestry operates 7-inmate work crews at WCC providing wildland firefighting support, as well as working on a variety of projects locally including, but not limited to, wildland conservation, community projects, senior citizen assistance, and highway beautification and cleanup projects with the Nevada Department of Transportation.
