NOTICE

Starting September 8, 2014, NDOC will begin implementing a new computer software program called "Offender Sentence Management", or "OSM".

This program will allow more accurate and up-to-date sentence calculations.

As is currently the case, OSM will provide "projected" Parole and Discharge dates. These dates remain fluid dates as they are impacted by credits earned or lost.

Should you have any concerns about this new program, please contact your caseworker.

Thank you,
