

Lovelock Correctional Center was nominated for the 11th Annual Governor's Points of Light Awards

The Lovelock Correctional Center hosts quarterly blood drives for United Blood Services, provides military packages for service men and women, collects toys for Toys For Tots, gifts for Santa for Seniors, food for the Lovelock Food Bank and sponsors yearly scholarships awarded to two Pershing County High School students. LCC sponsors a Peace Corps volunteer, Gracie Geremia, a community education specialist near Solwezi, Zambia, with shipments of clothing and school supplies and they also collect school supplies, back packs, etc. for low income children in Pershing County. Since the Lovelock Correctional Center opened in 1995, the staff have become part of Pershing County and the surrounding communities by serving on county boards, becoming church leaders, coaching wrestling, baseball, football and soccer, and chairing teams for fundraising events such as Relay For Life (ACS).
