

**PRISON RAPE ELIMINATION ACT (PREA)  
ANNUAL REPORT  
CALENDAR YEAR 2018**

**Nevada Department of Corrections**

The mission of the Nevada Department of Corrections is to improve public safety by ensuring a safe and humane environment that incorporates proven rehabilitation initiatives that prepare individuals for successful reintegration in to our communities.

**Prepared by:** Deborah Striplin, PREA Coordinator, May 2020

**Approved by:**

  
\_\_\_\_\_  
Charles Daniels, Director

## Purpose

The Prison Rape Elimination Act (PREA) requires that an agency to collect and review data in order to assess and improve the effectiveness of its sexual abuse prevention, detections, and response policies, practices and training. The data collected should include identifying problem areas and identifying the on-going corrective action taken by the agency and each of its facilities and institutions.

**In conjunction with PREA standard §115.88:**

**Substandard (a) (3), the agency shall also “...prepare an annual report of its findings and corrective actions for each facility, as well as the agency as a whole.**

**(a)(3)(b) “Such report shall include a comparison of the current year’s data and corrective actions with those from prior years and shall provide an assessment of the [Department’s] progress in addressing sexual abuse.**

**(a)(3)(c) “The Department’s report shall be approved by the agency head and made readily available to the public through its website...”**

This report is intended to provide information and comparison for calendar years 2014, 2015, 2016, 2017 and 2018.

## Background

The Prison Rape Elimination Act was signed into federal law in September 2003. The purpose of the act was to “provide for the analysis of the incidence and effects of prison rape in Federal, State and local institutions and to provide information, resources and recommendations to protect individuals from prison rape. PREA also mandated the publication of standards to ensure compliance and improve detection and response strategies in addressing sexual abuse and assault.

The final rule for PREA was published in the Federal Register on June 20, 2012, and became effective August 20, 2012. Facilities had one year to become compliant with PREA standards.

The PREA standards require annual audits of one-third of the facilities under an agency’s jurisdiction along with the Governor’s certification of statewide compliance in all facilities under the operational control of the state’s executive branch, including private facilities operated on behalf of the executive branch to house inmates. A failure to comply with standards will result in a loss of five percent of identified federal grant funding.

## Governor Certification

Each Governor is required to annually certify statewide PREA compliance for all applicable “...facilities in the State under the operational control of the State’s executive branch, including facilities operated by private entities on behalf of the State’s executive branch.” (Standard 115.501) Three options are provided to Governors:

- Certification that the state and all applicable facilities are in full compliance with the National Standards to Prevent, Detect, and Respond to Prison Rape, 28 C.F.R. Part 115;
- Assurance that the state/jurisdiction will use not less than 5 percent of grant funds as identified by the Department of Justice to enable the state/jurisdiction to adopt and achieve full compliance with the National Standards to Prevent, Detect, and Respond to Prison Rape, 28 C.F.R. Part 115; or
- Decisions on the part of the Governor not to certify compliance or provide an assurance that the state/jurisdiction is moving toward compliance.

## **PROGRESS IN ADDRESSING SEXUAL ABUSE**

The Nevada Department of Corrections (NDOC) has supported PREA and has been working towards compliance since 2012. To date, all NDOC facilities have completed PREA audits with all state facilities successfully passing a PREA National audit. As the agency moves forward and continues to evolve, we began cycle 2 of PREA audits. The following facilities received their 2<sup>nd</sup> national audit and were audited from August 20, 2017 – August 19, 2018:

- Carlin Conservation Camp
- Casa Grande Transitional Housing
- Florence McClure Women’s Correctional Center
- Humboldt Conservation Camp
- Jean Conservation Camp
- Lovelock Correctional Center

## **Agency Achievements in 2018**

NDOC has accomplished the following with regard to PREA prevention, detection, and response strategies:

- Internal audit and inspections for those facilities or institutions going through or who will be going through certified external audit.
- Continued partnership with the Western State Audit Consortium, with annual meeting held in Salem, Oregon.
- Completed six national PREA audits successfully
- Audited three out-of-state prisons as part of a reciprocal auditing program with the western states
- Implementing new procedures for agency criminal investigators assigned to conduct sexual abuse and sexual harassment investigations.

**\*\*This report does not include open investigations or reports made after this date.**

**Casa Grande Transitional Housing Center (CGTH)**

The Casa Grande Transitional Housing center has been operating since December 2005. The dormitory-style facility was built to house non-violent, non-sex crime inmates who are within 18 months of their parole eligibility date. The main purpose of Casa Grande was, and still is, to allow these “residents” the opportunity to seek work and secure permanent housing prior to reintegrating into society. Since its inception, Casa Grande has expanded its programs to include parolees, probation violators, and ex-offenders.

**Lovelock Correctional Center (LCC)**

Located in Pershing County, Lovelock Correctional Center, the department's seventh major institution, was constructed and opened in two phases. The first phase opened in August 1995 with two 168-cell housing units. Each 80 square foot cell has the capacity to house two inmates. Construction on phase two began shortly after, and two additional 168-cell units and two 84-cell units were added to the institution, bringing the budgeted capacity to 1,680 offenders. Lovelock houses medium-custody general population inmates and close-custody protective segregation inmates, along with a separate unit housing a small number of minimum-custody inmates. The total capacity for Lovelock is approximately 1,680 inmates.

**Warm Springs Correctional Center (WSCC)**

The Warm Springs Correctional Center (WSSC) was authorized by and constructed through appropriations from the 1961 legislative session and was known as the Nevada Women’s Correctional Center until September 1997. It was converted to a medium security men’s prison in 1998, then to a minimum custody facility in July 2003. The institution has been remodeled and expanded four times over the past 47 years. A second housing unit was added in 1979, and a third in 1987. The core services building, which houses food services, health care services, education facilities and the gymnasium, was added in 1981. The 1995 and 1997 legislatures authorized a fourth housing unit, two towers, a new security fence, additional classrooms and a complete remodel of the kitchen, dining room and entrance building. The completion of this project in July 1998 (funded in part with federal monies) brought the budgeted capacity of WSSC from 260 to 510 inmates. In July 2008, WSSC was converted back to a men’s medium custody institution.
