

Nevada Department of Corrections Partners with Associate Safety Professionals for Enhanced Officer Training

In the recent week, Associate Safety Professional trainers Jeff Abuyen and Justin Rundles held an instructor certification session in Carson City, hosted by the Nevada Department of Corrections.

With participation from 29 students representing 15 agencies, both trainers were pleased with the venue and Carson City's suitability for AICs, ensuring top-notch training.

NDOC is in the process of incorporating several of ASP's processes and products, recognizing their contribution to enhancing officer security and safety standards. Two AIC sessions are scheduled for 2024, one in Carson City and another in the Las Vegas area.
