^d The recidivism rate at NDOC represents the proportion of offenders that is re-incarcerated within three years from release. The first re-incarceration only is accounted for in the rate. Note: The figures presented in this report involve estimates; thus, select distributions may not add up to 100% due to rounding or may not equal to the totals in the live reports. Report run dates for select statistical information may affect totals and cause them not to balance to the actual population at month end.
