- Full-time-equivalent (FTE) positions are authorized with each fiscal year's budget approved by the Nevada Legislature each Legislative Session represent those supported by the General Fund ; and NDOC's Inmate Store, Inmate Welfare, Prison Industries, and Dairy Farm. Active FTE position counts are reconciled weekly by NDOC's Human Resources Division.
- Total and in-house population counts reflect the number of sentenced individuals housed in institutions in Nevada or in other states, and serving time on residential confinement. The counts are derived from NDOC's data warehouse.
- Daily operation costs of incarceration are authorized with each fiscal year's budget approved by the Nevada Legislature each Legislative Session and don't include medical, administrative, or programming costs.
- The custody distribution does not include offenders housed in a private institution out of state.
- Parole offender counts are provided by the Nevada Division of Parole and Probation at the beginning of each month.
- The ages represent the mean and 50th percentiles for the total population as of the date of the fact sheet and for the cumulative number of individuals admitted and released during the fiscal year.
- The distribution of total incarcerated individuals by sentence length category and long-term sentence type is retrieved from Report OMDSL B generated by Nevada Offender Tracking Information System (NOTIS).

*Note: the figures presented in this report involve estimates derived from datasets extracted from NDOC's data warehouse as of midnight of the date of this fact sheet; thus, select counts may not match to numbers derived from reports produced by other software applications. Furthermore, select distributions may not add up to 100% due to rounding.*
